You are so special to us! Your prayers, support and words of encouragement are a blessing to us on a daily basis. Thank you!

Walk With A Widow Ministry

I was asked to become a WWWM Board of Director earlier this year. This ministry provides spiritual support and income through **Project Purple** to widows around the world.

My main duty to this ministry is working with pastors in different countries to help them establish a widow's ministry within their churches and communities.

We have now started four such ministries in India and Uganda! These projects are ministering to over 100 widows. Providing community and income through these projects - they are giving these widows hope, some income and a family!

In Chennai, India we helped to establish a tailoring

school so they can make garments to sell in the market-place. In a rural village in Assam, India we helped to start a goat farm - the

herd has been multiplying already! We started another goat farm in Uttar Pradesh, India and a bakery in Kampala, Uganda!

A Life Changed by Pastor Johny Tanty

"I got an opportunity to pray for this Hindu family and especially for this young man who was unable to walk for last 6 month. After the prayers he got up and was able to walk. Praise God for His faithfulness! Thank you sir for your fervent prayers for us and ministry. Appreciate. Our God is a miracle workings God. He and his family are so thankful to

God and soon they will be accepting Jesus and be Baptized. Keep praying for the family to trust God more and be Equip by Holy Spirit"
